

A close-up portrait of a woman with light brown hair pulled back, looking directly at the camera with a soft expression. She is holding a thin, brown branch with several vibrant green, glossy leaves near her chin. The background is a plain, white, textured wall. In the upper right corner, there is a red rectangular box containing the brand name 'CLARINS' in white, serif, all-caps font. Below this box, the words 'HOTEL LINE' are written in a smaller, black, sans-serif, all-caps font.

HOTEL LINE

OUR STORY

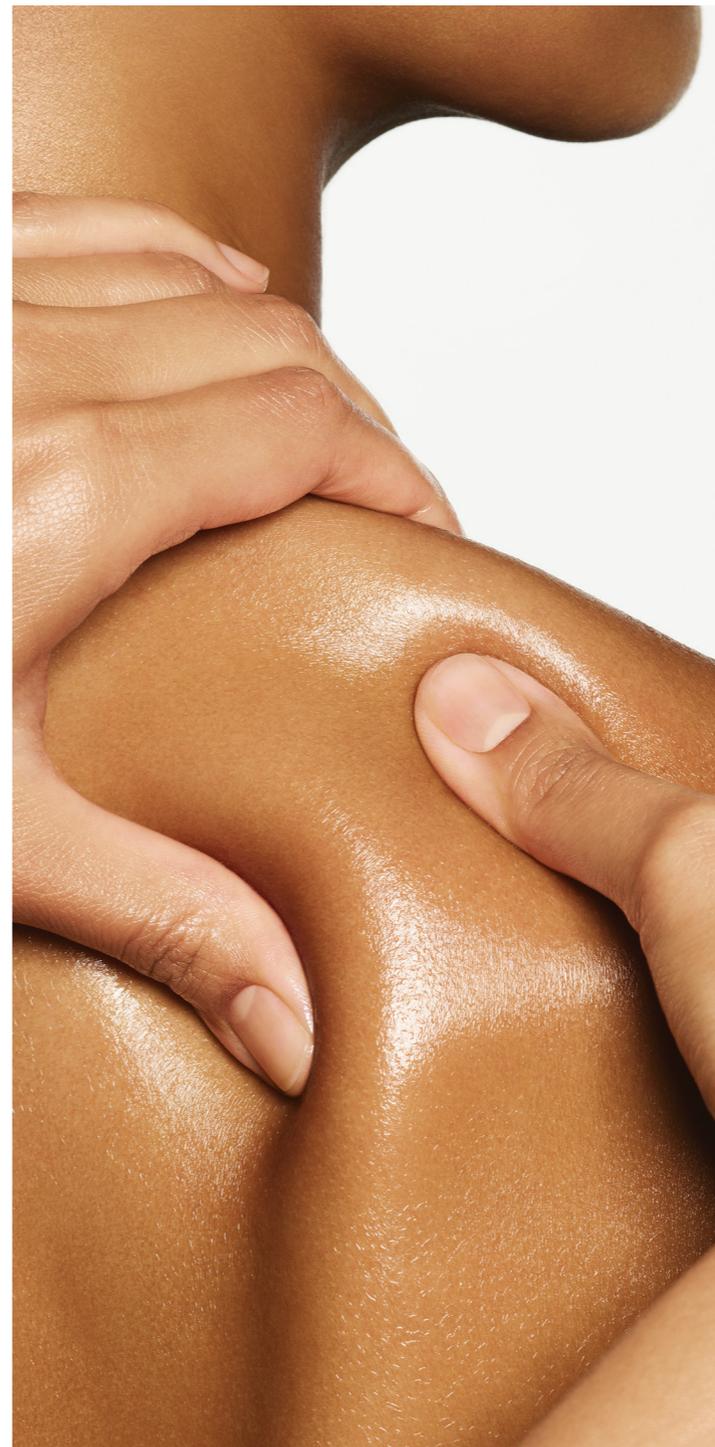

It all began in the first Clarins Institute on rue Tronchet, Paris. It was 1954 when Jacques Courtin-Clarins opened this pioneering establishment where he presented his holistic vision of beauty: beauty, well-being and health are one and the same. Here he encouraged a dialogue with his clients. Very happy with the tailor-made solutions offered at his Institute, more and more clients came to “test” the Clarins technique and the first 100% plant extract Oils. The results, both immediate and long-lasting, were there. And with them, success!

This “Spa” vision, influenced from the start by the brand’s founder, continues to inspire today’s Treatments, products and techniques.

“ I wanted to make a connection between medicine and beauty, between science and the cosmetic world. ”

Jacques Courtin-Clarins

A fragrance full of energy. **Eau Dynamisante**

Refreshing and upbeat, this Treatment Fragrance scents, energizes and tones both the body and mind. It's perfect for starting the day off or to help fight feelings of fatigue. It's a true boost of energy.

The invigorating fragrance of essential oils

First, the top notes of sweet and bitter orange, mandarin and petitgrain reveal their refreshing scent. Then, middle notes of lavandin, eucalyptus, tarragon and nutmeg are combined with the scent of patchouli (bottom note) to give Eau Dynamisante its invigorating character. The aromas blend together to help stimulate all of the senses.

The firming action of plant extracts

The skin regains all its energy and firmness thanks to the stimulating action of organic red ginseng extract combined with the toning power of organic lemon thyme extract.
